10/690,740 "Shoulder-belt-portion assembly"
My ref. G6A1
My registered submittal of 2004-01-28

Dear Mrs. Doggett,

23
2004-02-21

Excuse me for the following errors which are amended:

1. pp1 /line 4 "CA 2,313780" to "US 09/554,463"
2. Claims 4, 5, 15 and 16 "shoulder belt portion and a lap belt portion" to "shoulder belt portion *or* a lap belt portion"
3. Claim 1 and Specification from "upper body-part" to "upper body".

Mr Lejeune, Examiner of the German Patent Office, has subdivided a single appl. DE 197 49 780 A1 into three

1. DE 197 49 780 C2, EP 1 037 773 B1, US 09/554,463, which are subdivided into four appls., etc;
2. DE 197 58 497 C2;
3. DE 197 58 498 C2, EP 1 037 771 B1, US 09/554,464 etc.

The DE 197 49 780 A1 was attached to the EP 1 037 773 B1 when submitted to USPTO. Logically, I am allowed to put many new materials into the amended appls. However, I, refraining myself from introducing new materials therein, assure you that only relevant information for better understanding and the snap-in clips, common parts, are added thereto. If the examiner objects to those clips I am willing to take them out of the specification and renounce the claims 6, 7, 17 and 18.

Thank you for your attention in advance.

Kind regards

Go Giok Djien
